movements and social and religious experiments characteristic of the early half of the nineteenth century the early efforts toward social and economic equality later engulfed in the urgent issues of the civil war are here depicted and interpreted in their relation to the history of american thought and action freedom s ferment divides the movements of the early 1800 s into two groups the cults and utopias of varied origins and the humanitarian crusades a wave of revivalistic religions swept the country here is the story of the millerites who believed the end of the world would come on october 22 1844 of the spiritualists rappites the mormons the shakers many experiments in communal living were instituted by religious groups but others were entirely social in concept life at brook farm in robert owen s colony in the oneida community and a score of others is interestingly reconstructed humanitarian reforms and crusades represent the other phase of the movements tyler exasperated by all the silly twaddle being written about the eccentricities of the early american republic shows these movements and the leaders event the crackpots as manifestations of the american creed of perfectibility prison and educational reforms work for delinquents and unfortunates crusades for world peace temperance and women s rights flourished all to be overshadowed by the antislavery movement and submerged temporarily by the civil war freedom s ferment pictures the days when the pattern for the american way of life and the fundamentals of the american faith were being set by crusaders who fought for righteousness the changes in our social picture have altered the form of the humanitarian movements but not the purpose interpretative and critical the book show the ferment of the period and the urge to reform found in every phase of life to be the result of the fusion of religious freedom and political democracy
