mysticism in india is a complete and informative description of the teachings works and lives of the great poet saints of maharashtra written by a scholar and professor who was

also a mystic jnaneshwar namadev tukaram eknath ramdas and the other saints discussed belonged to the great devotional religious movement that spread through medieval india with the exception of ramdas they all belonged to the tradition of the varkaris the most popular sect in contemporary maharashtra their compositions exemplify the universality of their faith and practice and are recognized as literary treasures ranade was primarily interested in the poet saints as mystics teachers of the perennial philosophy whose experiences have general metaphysical and religious implications at the heart of his classic is a comprehensive objective presentation of the thought of these saints augmented by a deep appreciation of their value and relevance to present day scholars and seekers mysticism in india is the only major study in english of medieval indian religious literature the book s enduring value has been enhanced by the addition of a foreword by a scholar currently working in marathi literature and a preface by a present day poet saint of maharashtra

this book analyses and evaluates the mystical trends observable in the writings of mystics in medieval india with particular emphasis on the mystics of maharashtra we get a fair idea of the spiritual heaven introduced into indian thought by the writers such as ramananda kabir gauranga jnanesvara namadeva ekanatha tukarama ramadasa and others the list exhausts all types of mysticism that are known to exist the book is rather a study of comparative mysticism and it draws striking parallelism between the mystics of maharashtra and the western mystics like plotinus eckhart dante and others
