an essential guide to supporting and servicing global accounts with insight into managing cultural diversity this text uses more than 100 case studies to help managers develop a realistic and practical approach

in diesem leitfaden für die organisatorische umsetzung von global account programmen im industriegütersektor entwickelt die autorin ausgehend von schwachstellen in der unternehmenspraxis anforderungen an eine effektive und effiziente global account organisation zahlreiche fallbeispiele aus verschiedenen branchen des industriegütersektors verdeutlichen die zusammenhänge zugleich werden alternative maßnahmen zur gestaltung von geschäftsprozessen organisationsstrukturen und führungskonzepten für das global account management dargestellt und bewertet

key account management as an alternative organizational form of marketing management became increasingly popular in many companies during the last years in its beginning key account management was particularly applied in the consumer packaged goods industry with respect to wholesalers as well as large department stores for some time key account management has also been applied time by suppliers in industrial markets as well as by companies offering product related services in order to serve their most important customers despite its practical relevance in marketing management the implementation of key account management as well as its integration within the supplier s organization is hardly realized on an adequate economic evaluation similarly key account management controlling of an already implemented key account management organization is also lacking these organizational units are once implemented neither controlled nor evaluated concerning their economic performance with respect to these rather surprising findings in marketing management practice the author develops a theory based decision support model which seems capable of overcoming the previously described deficits based on a comparative analysis the efficiency of alternative key account management organizations is evaluated using criteria developed from transaction costs economics this decision model enables companies to evaluate each organizational key account management alternative on the basis of transaction cost economizing effects in addition set up costs which arise due to the implementation of the organizational unit are also included in the cost benefit calculation

social media has played a central role in the digital era for almost a century influencing almost all aspects of life the use of social media in warfare is threatening not

only one country but the whole global community is a recent development the famous speech by abu muhammad al adnani on social media inspired the bloody month of ramadan in 2016 and showed the deadly power of social media inspired attacks and what the islamic state is capable of achieving although the terrorist group has lost territory over the last few weeks of combat both in syria and iraq and is on the edge of losing their main capital mosul is still remains a hybrid threat consisting of military powers and an unmatched affinity of using social media as a cyber war weapon is will continue to be a severe danger to the global community this book aims to foster a deeper understanding of the use of social media for recruiting efforts by the so called islamic state is and to analyse its propaganda methods in order to develop possible countermeasures a special focus will be put on the method of recruitment of young western foreign fighters these individuals are the easiest to recruit for isis and pose the greatest risk to the global community especially in regards to home grown terrorism and so called lone wolf attacks since this area of research is very new and quickly evolving the field still needs extensive research it is difficult to analyse the use of social media content by the islamic state due to limited information access and flow encryption propaganda verification and inconsistency the islamic state is a military threat on the battleground as well as a potential cyber threat for the international community despite these challenging circumstances this book will provide a new theoretical model based on the marketing model of a customer journey in connection with the main principles of storytelling ultimately this research work will try to provide experts with a new and modern approach of analysis as a base for possible counter measures to weaken and combat the current threat posed by the islamic state from the text islamic state terrorism social media propaganda institutions radicalisation
